

Public Schools of CLK

Costs, Repair, and Replacement of the iPad

iCLK Learning Initiative

1. Each CLK student in grades 4-12 is being provided with an iPad2 package at no cost. This package includes an iPad Air, protective case, charging cord and appropriate, pre-installed educational applications.
2. The CLK School District offers three insurance options to insure against loss, theft, or accidental damage. Parents/guardians must select an insurance option and pay any applicable fees. Contact a building administrator for information on insurance options.
3. Should an iPad be damaged, lost, or stolen the student and parent/guardian should immediately notify the school administration. If stolen, the filing of a police report by the parent/guardian will be required.
4. In the event of a lost or stolen iPad, the CLK School District may deploy location software, which may aid in recovering the iPad.
5. Students who leave the CLK School District during the school year must return the iPad, along with any other accessories, at the time they leave the district. The iPad and all accessories should be returned to the appropriate building office.
