C-L-K COMMUNITY SCHOOL DISTRICT ATHLETIC PROGRAM GOALS

It is a goal of the athletic program to give as many students as possible the opportunity to participate in interscholastic sports; however, there may be a need to limit team sizes in some sports due either to state regulation or the need to maintain a manageable number of participants. In these cases, the coaches involved will make a sincere effort to give every interested student a fair try-out to make the team. Team selections will be based solely on the individual abilities in that sport. Membership on a team does not guarantee participation in every competition.

Component sports of the interscholastic athletic program shall:

- ◆ afford all students the opportunity to improve physical fitness through strenuous activities that are planned and supervised
- ◆ provide a controlled environment within which athletes will learn the significance of rules and regulations and to respect those who enforce them
- ◆ develop in athletes the high ideals of sportsmanship including fair play, poise and humility, pride and compassion in victory and defeat
- ◆ develop courage through challenge of competition
- ◆ emphasize teamwork, team identity, and the role of each participant as a team member
- ◆ teach athletes to strive to win utilizing strength and skill developed through rigorous self-discipline
- ◆ cause participants to develop self awareness by helping them strive to reach their physical and mental limits
- ◆ teach participants to set goals and subsequently work to achieve them
- ◆ foster an appreciation of the role sports may play in enhancing the quality of life

GENERAL REGULATIONS

Athletes and their parents (or guardians) both must sign the "Consent & Athletic Code Acknowledgement" form indicating that they have received, read and understand the athletic policies, and will abide by and support them. This form must be in the hands of the Athletic Director before the athlete is permitted to compete. This procedure applies for each and every sport and applies to each and every participant every time they participate.

GENERAL CONDUCT

- 1) An athlete whose attitude or actions in school, out of school, or while participating in athletics (in the school's judgment) is detrimental to the philosophy of the athletic program will be subject to the same disciplinary action as for the athletic rules (see below).**
- 2) When an athlete is suspended for disciplinary reasons that require a board hearing for reinstatement, the athlete will automatically be suspended from sports until the matter is resolved.**
- 3) If an athlete is SUSPENDED FROM SCHOOL, the athlete will NOT participate or practice in sports until he is reinstated.**

ATHLETIC RULES

The Athletic Code is enforced beginning with your participation in athletics at CHS. The Athletic Code is in effect year round from this point on.

POSSESSION OR USE OF TOBACCO PRODUCTS, ALCOHOL, USE OR THE SALE OF CONTROLLED SUBSTANCES AND FILED CRIMINAL COMPLAINTS

Penalties will be calculated as follows:

Sport	Regular season scheduled contests	1 st offense 10% of regular season contests	2 nd offense 25% of regular season contests	3 rd offense
Boys & Girls Varsity Basketball	20	10% x 20 = 2 games	25% x 20 = 5 games	Suspension from all athletics for one calendar year from the date of the third offense 
Boys & Girls Cross Country	9	10% x 9 = .9 = 1 meet	25% x 9 = 2.25 = 2 meets	
Football	9	10% x 9 = .9 = 1 game	25% x 9 = 2.25 = 2 games	
Golf	7	10% x 7 = .7 = 1 game	25% x 7 = 1.75 = 2 games	
Hockey	24	10% x 24 = 2.4 = 2 games	25% x 24 = 6 games	
Boys & Girls Track	8	10% x 8 = .8 = 1 meet	25% x 8 = 2 meets	
Volleyball		10% of scheduled matches	25% of scheduled matches	
Swimming		10% of scheduled meets	25% of scheduled meets	

Formulas will be applied in the same manner to junior varsity, freshman and junior high teams. Percentages will be rounded off to the nearest whole number. Example: 1.4 or below will constitute a one game penalty; 1.5 or above would constitute a two game penalty.

Game suspensions carry into the next sport season or the next year if the violation occurs in a spring sport.

All students/athletes who decide to participate in a sport must begin practicing with the team before the start of the first regular season contest. If an athlete reports later than the first regular scheduled team practice, they **must** practice a minimum of two weeks before entering into any interscholastic competition. Junior varsity and freshman participants in fall sports will be given until the end of the first full week of school to report to practice due to summer vacation. Exceptions to this rule would be for transfer students and for any medical related reason.

If an athlete participated in a sport with the intention of satisfying their suspension obligation and then quits prior to the end of the season, the fulfillment of the suspension will be nullified. The position of team manager will not fulfill suspension obligations.

In summation, in order for an athlete to fulfill suspension obligations by participating in an athletic season that athlete must participate in all obligations including practices and interscholastic competitions.

Violations build from year to year. (Example: if a violation occurs in 9th grade and another in 10th grade, it will be considered the second violation).

Violations are considered as a group. (Example: use of tobacco is a first offense and then an athlete receives another violation for use of alcohol, that would be considered the second offense.)

Counseling with "Professional Counselors" may be prescribed:

- 1) If an athlete is participating in a sport at the time of an athletic violation that is not for the balance of the season, the athlete MUST continue to practice in that sport.**
- 2) An athlete who is suspended from participation in athletic contests because of an athletic violation will not suit up for scheduled contest(s) and will not sit on the bench with the team.**
- 3) A member of the administration will notify the student's parents or guardians and coaches of the rule infraction.**
